### Best FYP Award at FKEE UTHM

IEEE APP/MTT/EMC Joint Chapter is pleased to announce the winner of the best FYP Award for the Final Year Project Competition at Faculty of Electrical and Electronic Engineering, Universiti Tun Hussein Onn Malaysia (UTHM).

1. Intan Najihah Binti Hyder Ali Tajuddin with the project title “Comparison Of Advanced Modulation Techniques Of Free Space Optical Link For Ground-to-train Communication”

We congratulate the winners and wish continued success in future.

### SULAM IoT@FTK Program

Faculty of Engineering Technology, Universiti Tun Hussein Onn Malaysia (UTHM) with the support from IEEE APP/MTT/EMC Joint Chapter has organized an IoT@FTK UTHM Program at SMK Bukit Pasir. This program is carried out to meet the recommendations of the Ministry of Higher Education (KPT) under the Service Learning Malaysia Project - University for Society (SULAM). The IoT@FTK UTHM program is an activity to share and transfer knowledge related to Internet of Things (IoT) technology studied by students at the Faculty of Engineering Technology UTHM Pagoh Campus to the local community.

### UPEX Award at FKTE Universiti Malaysia Perlis

Undergraduate Project Exhibition (UPEX) FKTE is an annual event that is organized by the Faculty of Electronic Engineering & Technology (FKTE), Universiti Malaysia Perlis and sponsored by IEEE APP/MTT/EMC Joint Chapter Malaysia. This exhibition is attended by final year students and third year students to present and showcase their Final Year Project and Group Design Project. Held on 13 July 2023, UPEX brought together faculty, students, industry professionals, and visitors to witness the exceptional talent and cutting-edge ideas of the next generation of engineers and technologists.
