ISAP 2023 at Kuala Lumpur Malaysia

The 2023 IEEE International Symposium on Antennas and Propagation (ISAP2023) has been successfully held in Kuala Lumpur Malaysia from October 30th to November 2nd, 2023. More than 380 participants from different countries such as Japan and South Korea attended the conference. The conference provided an international forum for researchers to exchange of information on the progress of research and development in antennas, propagation, electromagnetic wave theory, and related fields. Next year, ISAP2024 will be held in Incheon, South Korea.
